

Environmental Test Customer Training Seminar September 22-23, 2015

Cincinnati Sub-Zero Products, Inc. will hold a FREE training seminar for our customers at Cincinnati Sub-Zero's plant.

Tuesday, September 22

8:30AM - 5:00PM

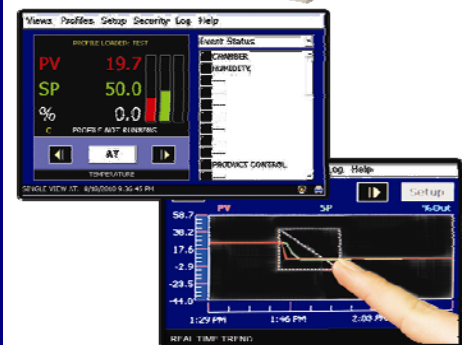

Wednesday, September 23

8:00AM - 12:00PM

Who Should Attend? The training seminar will be geared to CSZ test chamber operators and maintenance technicians within your organizations.

What Topics Will Be Covered?

- **Environmental Chamber Design**
Attendees will learn how to define an application, utilities needed to install a chamber, equipment move-in restrictions, the basics of chamber design, the importance of good airflow and performance.
- **Refrigeration**
Learn the basic design of cascade refrigeration systems, how they operate, and how to troubleshoot the system.
- **Humidity**
Learn the basics of humidity generation, how it is controlled, the effect of live load, water quality required, and maintenance.
- **EZT-570i Touchscreen Controller**
Learn to navigate and program CSZ's state-of-the-art controller with hands-on training
- **Hands-On Chamber Operation & Maintenance**
Learn how to operate and maintain a chamber in a step-by-step format.
- **Hands-On Troubleshooting**
Learn to troubleshoot malfunctions in the controller, circuitry, refrigeration, and humidity systems.
- **Factory Tour**

Why Should You Attend?

- ▶ Attendees will meet our knowledgeable service and engineering staff and have a chance to ask technical questions.
- ▶ The training sessions will include valuable information that will help your operators and technicians efficiently operate and maintain their test chamber.
- ▶ Attendees will learn how to properly maintain test chambers with quick, time saving tips.
- ▶ Attendees will learn how to identify and quickly correct malfunctions - saving your company both time and money.
- ▶ Each attendee will receive a reference book with useful information.
- ▶ Best of all, this seminar is FREE to you! CSZ will provide lunch and dinner.
