

TEST CHAMBER TRAINING SEMINAR

OCTOBER 15-16

We will host a FREE training seminar for our customers at our Cincinnati Facility

Tuesday, October 15 - 8:30am - 5:00pm

Wednesday, October 16 - 8:00am - 12:00pm

WHO SHOULD ATTEND?

The training seminar will be geared to CSZ test chamber operators and maintenance technicians within your organizations.

WHY SHOULD YOU ATTEND?

Attendees will meet our knowledgeable service and engineering staff and have a chance to ask technical questions.

The training sessions will include valuable information that will help your operators and technicians efficiently operate and maintain their test chamber.

Attendees will learn how to properly maintain test chambers with quick, time saving tips.

Attendees will learn how to identify and quickly correct malfunctions
- saving your company both time and money.

Each attendee will receive a reference book with useful information.

Best of all, this seminar is FREE to you! We will provide lunch and dinner.

WHAT TOPICS WILL BE COVERED?

Environmental Chamber Design Attendees will learn how to define an application, utilities needed to install a chamber, equipment move-in restrictions, the basics of chamber design, the importance of good airflow and performance.

Refrigeration

Learn the basic design of cascade refrigeration systems, how they operate, and how to troubleshoot the system.

Humidity

Learn the basics of humidity generation, how it is controlled, the effect on live load, water quality required, and maintenance.

Touchscreen Controller Demo

Learn to navigate and program our state-of-the-art controller with hands-on training, including the EZT-570S.

Hands-On Chamber Operation & Maintenance

Learn how to operate and maintain a chamber in a step-by-step format.

Hands-On Troubleshooting

Learn to troubleshoot malfunctions in the controller, circuitry, refrigeration, and humidity systems.

Factory Tour
